

Textile Engineering

These programs are meant for basically those professionals who are already working in technical departments of the corporate sector. These courses enable our Students to go ahead and achieve the higher profiles in their respective organizations through a high profile curriculum,

Course	Diploma In Textile Engineering	Bachelors Program in Textile Engineering	Master In Textile Engineering
Eligibility Criteria	S.sc With Work Experience	3 Years Diploma or HSC With 3 Years Work Experience	Graduate Or Diploma With 5 Years Of Work Experience
Syllabus	<u>PART I</u>	<u>SEM-I</u>	<u>SEM-I</u>
	. Principle of Management	• Engg. Drawing	• Engg. Mathematics.
	- Textile Fibers	• Modern Yam Production & Control	• Engg Drawing
	• Spinning	• System	• Electronic Circuits
	<u>PART II</u>	. Elements of Material Science	Communication System.
	• Weaving	• Theory & Design of Textile Machines.	• Introduction to Computer Science,
	• Mgt. & Costing	<u>SEM-II</u>	• Programmable Logic Design
	• Dying & Printing	• Textile Fibers	<u>SEM-II</u>
	<u>PART III</u>	• Mgt. & Costing	Linear Electronic Circuits
	• Fabric Manufacture-1	. Chemical Processing & Finishing	• Digital Communications
	• Yarn Manufacture-1	• Textile Finishing	• Electronic Device & Circuits
	• Textile Yarn Technology	<u>SEM-III</u>	• Electronic Measurements & Instrumentations
	. Mordern Yarn Technology	• Fabric Manufacture-1	System Design & Engg
		• Yarn Manufacture-1	• High Speed Computation
		• Textile Yarn Technology	• Elective 1
		. Mordern Yarn Technology	
		<u>SEM-IV</u>	
		• High Speed Computation	
	• Production Planning & Control		
	• Energy Conversation & Environmental Pollution Control		
	• Theory & Design of Textile Machine		
Course Duration	1 – 3 Years	1 – 4 Years	1-2 Years
	27,500/-	RS. 37,500/	RS. 34,500/
