

Automobile Engineering

These programs are meant for basically those professionals who are already working in technical departments of the corporate sector. These courses enable our Students to go ahead and achieve the higher profiles in their respective organizations through a high profile curriculum.

Course	Diploma In Automobile Engineering	Bachelors Program in Automobile	Master In Automobile Engineering
Eligibility Criteria	S.S.C with Work Experience	3 Years Diploma or HSC With 3 Years Work Experience	Graduate or Diploma With 5 Years Work Experience
Syllabus	<u>PART-1</u>	<u>SEM -I</u>	<u>SEM – 1</u>
	• Engg. Mechanics	. Engg. Mechanics	• Engg. Mechanics
	• Engg. Graphics & Designs	Engg. Graphics & Designs	. Engg. Graphics & Designs
	• Refrigeration & Air Conditioning	• Refrigeration & Air Conditioning	• CAD/CAM.
	<u>PART-11</u>	• Engg. Drawing	• Machine Design
	Theory of Machines.	<u>SEM-II</u>	• Applied Thermodynamics
	• Machine Design	• Theory of Machines	Manufacturing Technology-1
	• CAD/CAM.	• Automotive Engines	<u>SEM -II</u>
	<u>PART – III</u>	• CAD/CAM,	• Manufacturing Technology-2
	• Hydraulic & Pneumatic Systems.	• Machine Designs	• Automotive Transmission
	Applied Thermodynamics.	<u>SEM-III</u>	• Production Technology
	Manufacturing Technology-1	• Applied Thermodynamics	• Maintenance Management.
	• Automotive Transmission	• Refrigeration & Air Conditioning	
	• Production Technology	• Advanced Computer – Architecture,	
	Manufacturing Technology-1		
	<u>SEM – IV</u>		
	• Maintenance Management,		
	• Hydraulic & Pneumatic Systems		
	• Advanced Computer – Architecture		
	Manufacturing Technology-2		
Course Duration	<u>1-3 Years</u>	<u>1 – 4 Years</u>	<u>1-2 Years</u>
	RS. 27,500/-	RS. 37,500/	RS. 34,500/
